What's Going On?

Will March come in like a lion and out like a lamb? This is the question that Kindergarteners have been dealing with this week. We have found that the majority of the class thought March would come in like a lamb and go out like a lion. Is it too early to tell?

In Math, we are learning about the differences in shapes. For example, squares and rectangles have four sides, but squares have sides that are equal and rectangles have two long sides and two short sides. We will soon be talking about solids like pyramids, cylinders and prisms.

Perhaps this lion knows the March weather!

During Jesus time, we learned of a woman who washed Jesus' feet with her own tears. She was an uninvited guest at Simon's house and when Simon saw her he questioned why she was there. He said she was a sinner and shouldn't be visiting Jesus. The woman knew she was a sinner though and was so sad about the sins she had committed that she cried and cried. She used her tears to wash Jesus' dirty feet and since she didn't have a towel, she dried them with her own hair. We all must

remember that we are sinners, but if we are truly sorry for our sins, God will forgive us.

We have been reading many stories during reading, but we have also read many great stories all on our own in our "book baggies". Thank you for helping us read at home! We will be changing our books next week and bringing home some new choices.

Green eggs and ham! Yum!

Tuesday was Dr. Seuss' birthday! We celebrated by reading his books, rhyming words and making green eggs and ham. Would you eat green eggs and ham? On a boat? With a goat? Try them, try them!
